Dear Mrs. Manley:

Your letter of July 24th with reference to the Newark Eagles playing a game at Ruppert Stadium on the night of Labor Day, September 3rd has been received. We have no objection to you playing a game on this date, however, it will be impossible for us to do much about cleaning the grandstand after our club has played a double header in the afternoon. If this condition does not make too much difference, it will be perfectly agreeable with us for you to play the game and arrangements will be made.

We will order another dozen bats for your club in the next day or two, however, we did get one dozen for you on our last order and of course we have to try and keep our 1945 requests for bats some where in line with the number we purchased last season. We will, however, do the very best we can and will order the bats with the weights as you suggested.

If this rain doesn't soon get over, I am afraid we will all have to look for a very heavy financial loss this year, however, our club is struggling to stay in the play-offs which will no doubt help us considerably financially.

Very truly yours

Ray Kennedy
Business Manager
